Last update: 02.10.2025

Foreword

Please read these terms and conditions (or “Terms and Conditions”) carefully before using our Website. By registering on the Website or by visiting the Player Account, Players accept and agree to these Terms and Conditions and the Privacy Policy. The Terms and Conditions and the Privacy Policy are published on the Website and may be changed at any time. The new version of these Terms and Conditions will take effect immediately upon the next visit or login on the Website.

Players are not allowed to place Bets or participate in Instant Win Games unless they accept the new Terms and Conditions. By continuing to use the Website the Player agrees to be bound by the Terms and Conditions as amended.

The Website enables Players to

- a. place Bets on the results of official or state-run lotteries such as the American MUSL Powerball, the pan-European DLTB Eurojackpot and many others;
- b. participate in Instant Win Games operated by ELBL.
- c. participate in Environmental Services operated by ELBL (as detailed in clauses 3.6 and 10.17).

Parties

“ELBL” – European Lotto and Betting Limited, a company which is officially licenced in Malta and regulated by the Malta Gaming Authority (licence number 609/2018 and 475/2018). ELBL’s registered company number is C84690 and its registered address is 97, Level 2, Windsor Street, Sliema, SLM 1853, Malta (EU).

“DLTA” – Deutsche Lotto- und Toto-Agentur Limited, a company founded and incorporated in Malta with registered company number C90867 and registered address, 97, Level 2, Windsor Street, Sliema, SLM 1853, Malta (EU).

Roles of DLTA and ELBL

DLTA is responsible for the operation of the Website, the Player Accounts, the placing of Bets with ELBL, the organisation of purchases of Instant Win Games (see Foreword b.), the forwarding of the Players’ stakes to ELBL and the forwarding of Winnings from ELBL to the Players within the scope of these Terms and Conditions. When placing Bets in Malta, DLTA acts in the name and on behalf of the Player.

ELBL acts as a bookmaker, determines the odds, calculates the Winnings and is responsible for the payment of Winnings and pays out the Winnings in Malta to DLTA for distribution to Players. Through complex hedging measures and instruments (both financial instruments and the purchase of actual entries into the underlying lotteries), ELBL guarantees the payout of all Winnings.

ELBL is also responsible for selecting, organising and procuring Environmental Services.

Affiliated Companies also conduct own lottery-style draws using the certified random number generator “RiNG”.

- a. When submitting a Bet, the Player instructs DLTA to forward the Bet to EBLB for and on the Player’s behalf. EBLB will act as a bookmaker for the Player in respect of the Bets and shall select, organise and procure the Environmental Services on behalf of the Player.
- b. When ordering an EBLB virtual Instant Win Game participation (“IWG participation”), the Player instructs DLTA to purchase an IWG participation from EBLB. DLTA will then act as IWG participation intermediary for the Player and EBLB will act as IWG participation operator for the Player.

Contracts – Bets on Lotteries

When placing Bets on lotteries, the Player enters two contracts:

- a. At the time of registration or placement of a Bet, the Player enters a contract with DLTA in relation to the use of the Website, the set up and the management of their Player Account, the forwarding of Bets for and on their behalf with EBLB in Malta, the payment of the Player’s Stakes to EBLB, the payout of Winnings received from EBLB to the Player, which all take place in Malta and the placement of an Order (which shall in turn be forwarded to EBLB)..
- b. When DLTA places a Bet with EBLB for and on their behalf, the Player enters a contract with EBLB. That contract regulates the terms and conditions for all Bets placed, all Orders submitted, the rules of the games offered by EBLB as well as the payout of Winnings.

Contracts – Instant Win Games

When purchasing an IWG participation, the Player also enters two contracts:

- a. At the time of registration or placement of an order, the Player enters a free contract with DLTA in relation to the use of the Website, the set up and the management of their Player Account, the execution of the instruction to acquire an IWG participation on their behalf at EBLB, the payment of the purchase price to EBLB and the Winnings back to them.
- b. When participating in an Instant Win Game, the Player buys a chance of winning from EBLB.

Stakes and Fees

For Bets, Orders and IWG participations, the Player pays DLTA a Stake which is fully claimed by EBLB and therefore fully forwarded from DLTA to EBLB. The player does not have to pay any fees for DLTA’s services.

FIRST SECTION – SPECIFIC TERMS AND CONDITIONS OF DLTA

1. The Player

1.1.

Each Player warrants at all times that

- they have read and understood the Terms and Conditions;
- they are not under 18 years of age (under-age gambling is an offence);
- they are aware that they might lose their Stake submitted via the Website;
- they are not depositing monies originating from criminal and/or other un-authorised activities;
- they will pay any taxes due on Winnings;
- they are not persons on the Excluded List;
- the details provided by them at the point of registration and payment respectively are complete, accurate and have not been stolen or lost;
- they are at the time of placing their Bet, Order or playing an Instant Win Game not a director, officer, or employee (or their spouse or dependant) of DLTA or EBLB or of one of the DLTA or EBLB Group companies or a contractor or service provider of any of the DLTA or EBLB Group who is deemed by DLTA to be in a sensitive position;
- they are not restricted by limited legal capacity; and
- they only have one Player Account at DLTA.

DLTA is entitled to void a Bet, Order or Instant Win Game at any time if the Player is found to be or have been in breach at any time of any of these warranties, (including, for the avoidance of doubt, even after a relevant Betting Event has taken place which would have entitled the Player to certain Winnings except for a breach of these warranties).

1.2.

The Player needs to personally register on the Website in order to use all services, place Bets, Orders or play an Instant Win Game. DLTA reserves the right to refuse the completion of the registration for any person. Players must keep their Player Account details up-to-date at all times.

1.3.

The Player may be required to provide the following data in the course of, included but not limited to, registration, purchase or payout of Winnings: name, residential address, gender, date of birth, email address, telephone number, payment method data as well as other information relevant or necessary for the realisation of services provided by DLTA. By providing this data the Player grants DLTA permission to verify the data provided, including the verification of their age, directly through DLTA or through specialised third party providers. The Player declares and confirms that all data they provide is correct and that they will keep it up to date from time to time. DLTA is not responsible for failure of payout due to non-provision of data by the Player, or the provision of missing, incorrect, incomplete or expired data. DLTA is under no obligation

to verify any data provided or to make contact with a Player to complete or change incorrect, incomplete or invalid data.

1.4.

The Player shall immediately inform DLTA if their Bank Card or a comparable payment method, which they have specified on the Website, becomes lost, suspended or stolen; the same applies, if relevant passwords or confidential information has been submitted to third parties.

1.5.

The Player must deposit monies into their Player Account from an account or source of which the Player is the account holder and indeed named as such. If the Player uses a payment method in respect of which the Player is not the account holder, DLTA is entitled to assume the Player is using his own funds and DLTA accepts no liability where that is not the case. If the Player uses a payment method in respect of which the Player is not the account holder, DLTA reserves the right to treat any deposit into the Player Account as being invalid (and any winnings arising from such deposit as void). Winnings or any payouts may be withheld pending the satisfactory completion of all relevant checks.

1.6.

The Player shall inform DLTA about any changes with regards to information provided including, but not limited to Bank Cards and Bank Accounts, by updating their Player Account. DLTA cannot be held liable for any damages caused due to payment data being compromised.

1.7.

Players must not be involved in any fraudulent, collusive, fixing or other unlawful activity in relation to the Player's or third parties' participation in any Bet or Instant Win Game and shall not use any software-assisted methods or techniques or hardware devices for the Player's participation in any Bet or Instant Win Game.

Prohibited Activities

1.7 The following behaviour, activities and/or conduct are prohibited and, for the avoidance of doubt, will result in DLTA being permitted to void Bets placed and withhold Winnings associated with such behaviour:

1.7.1 **Cheating:** Any actual or attempted, cheating, deception or interference in connection with DLTA's services, including taking advantage of evident service, offer, or payout errors or odds or through the manipulation of any of the games or other services.

1.7.2 **Collusion:** Attempting to gain an unfair advantage by sharing knowledge with or other information with one or more other Players, or acting in concert with other users to increase overall return from DLTA's services.

1.7.3 **Benefiting from errors or malfunctions in games:** Any actual or attempted exploitation of an Error or Malfunction (as per 5.6.2) or any known or suspected human or technical errors in relation to any games (including in relation to any software relating to the games) which has resulted in the game crediting a Player with Winnings that would not ordinarily have been credited to a Player if the malfunction or human or

technical error had not occurred, or otherwise seeking to benefit from or exploit any such human or technical error.

1.7.4 Fraud: Any fraudulent or unlawful activity in respect of the use of DLTA's services, including fraudulent payment, for example if the Player uses stolen bank cards, or initiates any unjustified chargeback or other reversal of a payment, or initiates any prohibited transaction (including but not limited to money laundering).

1.7.5 Player Abuse. Any play, Bet or strategy employed or attempted by Player(s) which contravenes the clear terms of any applicable promotion, bonus, voucher, or offer (for example wagering or betting on products, markets or options which are expressly excluded from the terms of the offer or promotion itself) as well as any play, bets or strategies, or attempts which:-

- (i) leverage a corresponding bet on an opposite or similar outcome whether with DLTA or with third party providers / or in concert with other Players to decrease funds risk, enhance player return, or reverse any built-in "house edge" on the applicable service; or
- (ii) defeat the fundamental premise of fair gaming, or a game of chance at the relayed odds or margin, in which player funds are genuinely at risk; or
- (iii) seeks to exploit or create any malfunction, hardware, software, systems or human, error or malfunction in relation to the Website services which has actual or potential bearing upon Bets, service results, returns, or wins.

2. Player Account

2.1.

The Player provides an email address and a password in the course of registration. The Player may self-manage their data at any time through the relevant Player Account.

2.2.

Players are not permitted to have more than one Player Account at any one time. If an additional account or accounts are or were opened by a Player and/or Payment details are used in multiple Player Accounts, DLTA will be entitled in its sole discretion to close any such accounts without notice. DLTA shall be entitled to inform ELBL who shall be entitled pursuant to the ELBL terms and conditions to void any bets made by that Player or to void any IWG participations of that Player.

2.3.

DLTA shall be entitled in its sole discretion to define different minimum and maximum amounts for deposits and Stakes during a particular time period for a particular Player.

2.4.

The Player may also set specific deposit limits on their Player Account by using the respective facility in My Account on the Website.

2.5

The methods of deposit and/or withdrawal are detailed in the Player Account and vary depending on the country. Below are the key methods available for deposit and/or withdrawal as well as the average processing time for each:

Payment Method for deposits	Average processing time
Debit / Credit Card	Instant (online)
SEPA Direct Debit	Instant (online)
Bank Transfer	Instant (online)
E-wallets	Instant (online)

Payment Method for withdrawals	Average processing time
Debit / Credit Card	3 – 5 days
Bank Transfer	1 – 3 days

DLTA reserves the right to process deposits and pay out Winnings and withdrawals via any of its Group Companies and/or third party payment processors it engages from time to time.

2.6.

The Player must keep their Player Account data (including but not limited to Player pass number (also known as customer number), username and password) in a safe place in order to prevent unauthorised access. The Player is responsible for all activities and transactions conducted through their Player Account.

2.7.

The Player is neither authorised to sell, transfer or grant third parties' access to their Player Account nor to use and/or acquire third parties' Player Accounts.

2.8.

The Player can lock their Player Account at any time ("Temporary Suspension" or "Self-Exclusion"). The order for Temporary Suspension or Self-Exclusion may be placed by using the respective facility in My Account on the Website. The Player may determine the duration of their Temporary Suspension or Self-Exclusion.

2.9.

DLTA does not accept any responsibility or liability if the Player nevertheless continues gambling and/or seeks to use the Website with the intention of deliberately avoiding the relevant measures in place and/or DLTA is unable to enforce its measures/policies for reasons outside of DLTA's reasonable control.

2.10.

The reopening of Player Accounts that have been self-excluded is only possible after the expiry of the Self-Exclusion period. For reopening their Player Account, Players must contact DLTA's Customer Service.

2.11.

The Player may close their Player Account permanently on the Website by using the facility My Account (also known as Personal Settings) or by contacting the DLTA Customer Service. Bets made prior to closure will stand and Winnings (if any) will be relayed to the payment method specified on the Player Account. Balances within the Player's wallet will (subject to these terms) be returned to the Player following closure. If the Player closes their Player Account and then opens a new Player Account, DLTA shall have the right to close such new Player Account at its

discretion and without any further explanation to the Player.

2.12.

The Player can see a list of all their active and expired Orders and Instant Win Games under the My Games (also known as Active Play Slips and Play Slip History). An Order is only considered accepted by DLTA if the status of the play slip has the label "In Play" at the time of the relevant Betting Event or, in the case of Sportsbetting only, if an order receipt shows an order ID number or a status with an identical meaning, only in such an event is the Player entitled to any Winnings pursuant to that Bet. The order receipt confirmation sent by email or the status "Submitted", or in the case of Sportsbetting "pending" or a status with an identical meaning only indicate that DLTA has received the Order, not that it has been accepted. Only with the status "In Play", or in the case of Sportsbetting "accepted", in the overview shall the Order be considered accepted. In case that an Order is not accepted prior to the Betting Event taking place, DLTA will refund the value of the Stake to the Player or, where the Order gives rise to Winnings, DLTA may at its own absolute discretion choose instead to accept the Order after the Betting Event takes place and pay out any Winnings.

2.13.

Where a Player submits an Order with DoubleJackpot or NumberShield selected, until the Order is labelled as "In Play" DLTA reserves the right to cancel the DoubleJackpot or NumberShield element of the Order. Where a Player has placed a Duration Order or Subscription with DoubleJackpot or NumberShield selected, DLTA may at any time cancel the DoubleJackpot or NumberShield element with respect to any of the individual Orders which are not labelled as "In Play". In either of the events aforementioned in this clause, DLTA will refund to the Player the price of the DoubleJackpot or Numbershield option with respect to the affected Order(s).

3. Placing of Bets and Orders

3.1.

The Player instructs DLTA to place Bets with ELBL on their behalf by filling out and submitting a Virtual Play Slip on the Website.

3.2.

After the Player has filled out the Virtual Play Slip, it is transferred to the Player's shopping basket.

3.3.

The Player submits their Bet by clicking on the relevant button in the shopping cart. Where the account balance is not sufficient the Player needs to provide their payment details and DLTA needs to get satisfactory confirmation of the payment before the Bet is submitted.

3.4.

Once the Bet is submitted, it cannot be amended or cancelled by the Player.

3.5.

DLTA acknowledges receipt of the Player's order by email. The Player may check the processing status of the relevant Bet at any time on the Website in their Player Account.

3.6

When a Player instructs DLTA to place Bets with ELBL on their behalf, the Player is also instructing DLTA to place an order to participate in the Environmental Services with ELBL.

A portion of the Stake for the Order is consideration for the supplied Environmental Services.

The Environmental Services may include, but will not be limited to, the analysis of environmental challenges and sourcing of solutions which can improve the state of the environment (for example, solutions to reduce CO2 pollution or cleaning the oceans); finding service providers or other organisations who can implement such solutions and selecting the most effective partners, procure the services to implement the measures to improve the state of the environment and control of the effectiveness of the procured measures (and other such services as provided on www.lottohelden.de/umwelthilfe/ from time to time).

The Player has the option to instruct DLTA to commission ELBL to provide certain environmental protection measures to the Player on the Player's behalf. Such commissioning requires an individual agreement on the type and scope of the environmental protection measures to be supplied to the Player as well as on the remuneration to be paid by the Player for this service. The player may contact Lottohelden for this purpose at service@lottohelden.com

4. Payment and Accounts

4.1.

Betting or playing with no account balance or with a negative account balance is not possible.

4.2.

The Player will receive Winnings equivalent to 100,000.00 EUR or more in a handover ceremony open to media of DLTA's choice and will give one or more interviews (this does not apply to Players that are resident in the United Kingdom). The Player may still choose to stay anonymous. DLTA may at its discretion waive these obligations and/or choose an alternative payment method if needed for operational or other reasons. For transfers, DLTA may charge the Player with the fees for the bank transfer.

4.3.

With a direct debit order and authorisation respectively, the Player entitles DLTA or its appointees the authorisation to debit the relevant amount from the Bank Account provided by the Player.

4.4.

The Player agrees not to make any charge-backs, reversals or otherwise cancel any deposits into the Player Account, and in any such event to refund and compensate DLTA for such unpaid deposits including any expenses incurred by DLTA in the process of collecting such unpaid deposits. In addition, in the case of a returned direct debit in respect of a Player, DLTA may reject the acceptance of further payments from such Player. DLTA is entitled to transfer any such claims against a Player, including possible additional but appropriate fees to a collection agency.

4.5.

Any third party bank and payment processing charges and fees are borne by the Player and DLTA is entitled to debit the Player Account accordingly. This also applies to foreign exchange charges.

4.6.

DLTA will credit payments from Players to DLTA's bank account immediately upon receipt of funds. The Player has to state their player number (also known as customer number) with all bank transfers.

4.7.

In case a payment to DLTA from a Player Account of a Player is ceased, interrupted, returned or for any other reasons not finalised or in case that such payment is cancelled afterwards or theft or fraud is obvious in this regard, DLTA shall be entitled to debit the relevant amounts including possibly existing additional fees imposed to DLTA.

4.8.

The Player shall not treat DLTA and/or ELBL as a financial institution and the credit balance of a Player's Account will not bear interest.

4.9.

The Player can directly withdraw funds that constituted Winnings under the My Transactions section (also known as Pay out Winnings). In order to mitigate money laundering and fraud, funds from unspent deposits can only be withdrawn by contacting Customer Support. Under no circumstances will a Player be able to withdraw any bonus or voucher funds in their Player Account.

4.10.

DLTA may carry out additional verification procedures at any time, including for most payouts relating to Instant Win Games or larger payouts in respect of Bets on the outcome of draws of lotteries.

4.11.

A Player can only withdraw funds to a bank account in the name of the Player Account holder.

4.12.

The credited amount deposited by the Player and the payable credit balance on the Player Account respectively are held in a bank account in the name of DLTA and are not subject to any particular escrow or mechanisms for protection in the event of insolvency.

4.13.

DLTA is entitled to debit the Player Account with appropriate expenses which refer to the costs incurred by DLTA because of the execution of assignments from a Player or the execution of an order.

4.14.

Winnings are tax-free or non-taxable in many countries. The Player is primarily responsible for correct payment of taxes, duties and levies. In the event that DLTA is required to pay any taxes, duties or levies directly to the regulatory authorities of a country in respect of a Player's winnings, then it shall be entitled to deduct those from the Player's Account or claim them from the Player accordingly.

4.15.

DLTA shall be entitled to deem a Player Account as inactive if more than one year has

passed since the last stake transaction of the Player. DLTA will notify the Player once their account is deemed as inactive.

If the Player Account is still deemed as inactive 30 days after the notification, a monthly inactive account fee of EUR 5.00 (or equivalent currency) shall be payable (the “**Inactive Account Fee**”). The Inactive Account Fee will be deducted from the Player Account balance until the earlier of: (a) the Player Account balance being reduced to zero; or (b) the Player Account being reactivated by the Player using the Player Account to carry out betting activity. In each situation the Inactive Account Fee shall cease to be deducted. DLTA may refund any Inactive Account Fees to a Player if there is a bona fide reason for the Player’s inactivity. Players should contact customer services for further information.

5. Rights of DLTA

5.1.

DLTA shall be entitled to suspend the relevant Player Accounts and Players from the use of the Website with immediate effect, if DLTA believes that a Player does not or did not meet the requirements named in these Terms and Conditions. In addition, DLTA shall be entitled to suspend the relevant Player Accounts and Players from the use of the Website, if DLTA believes that: i. the Player has provided false or misleading information in connection with their Player Account, any payment methods or otherwise in connection with the Website and the services available through it; ii. the Player maintains or maintained more than one Player Account; iii. the Player is involved in any fraud-related activities; iv. the Player is or was in breach of any other substantial provision of these Terms and Conditions; v. the Player has used the Website in a fraudulent manner or for illegal and/or unlawful or improper purposes including but not limited to if DLTA has reasonable suspicion that a Player is abusing or attempting to abuse a bonus, voucher, offer or other promotion form or taken advantage of any software or system bug or failure; vi. any of the events referred to in this clause may have occurred or are likely to occur; vii. required by law or if requested to do so by the police, by any regulatory authority or by court, in addition, DLTA shall be entitled to suspend the relevant Player Accounts and Players from the use of the Website, if DLTA believes that (i) any details of the Bank Account or Bank Card were, or have become, incorrect or the card is reported as lost or stolen or becomes the subject of fraud, (ii) DLTA receives a negative appraisal of creditworthiness for a Player or any direct debit collection due from a Player is returned for reasons attributable to the Player, (iii) the Player has used a payment instrument without the owners approval; or (iv) the Player has allowed a third party to place Bets using their Player Account.

DLTA shall monitor transactions in order to prevent money laundering. DLTA shall report any suspicious transactions to the Maltese Gaming Authority.

5.2.

During the period of any suspension of a Player Account the Player will be prevented from accessing or using their Player Account; in addition, DLTA may investigate the event that gave rise to the suspension and DLTA will be entitled (but shall not be obliged) to require that the relevant Player provides all such identification documents as DLTA reasonably requires.

5.3.

Should DLTA determine that the event giving rise to suspension has occurred, DLTA will be entitled to terminate the Player Account in question permanently and may choose to do so once any outstanding Stakes associated with that Player Account for

future Bets and/or Orders and/or Instant Win Games expire or otherwise may at its discretion authorise ELBL to void such Bets, Orders or any IWG participations issued or played. If the Stake was placed by a Player under 18 years of age, DLTA shall authorise ELBL to void the relevant Bets, Orders and any IWG participations in which case the Stake (if returned by ELBL to DLTA) will be returned from DLTA to that person's Bank Account and the Player Account will be closed.

5.4.

Should DLTA determine that such a breach has not occurred, the suspension of the Player Account will be brought to an end.

5.5.

If DLTA terminates a Player's use of the Website for any other reason, DLTA will notify the relevant Player by email using the email address provided to DLTA. In such circumstances, DLTA shall refund the payable balance held on the Player Account to the Player, after both stakes and any fees incurred have been deducted, and Winnings for all the future and open Bets and/or IWG participations that the Player has already purchased have been settled, using the Bank Account provided by the Player.

5.6

DLTA is permitted to void any Bets and withhold any associated Winnings or amounts payable to the Player at DLTA's sole discretion if:

5.6.1 DLTA was requested by a Player to place the Bet(s) only after the relevant deadline or after the start of the relevant event and/or if DLTA erroneously accepted an instruction to place Bets on the Website after the relevant deadline or after the start of the relevant event;

5.6.2 DLTA becomes aware of a genuine or obvious Error or Malfunction in relation to a Bet or associated event (including any human or technical, coding, mapping, infrastructure, or hardware error in relation to any Bet or any other software used by DLTA to provide the Website or any part of the Services) whether or not it is subsequently able to contact the Player to correct the error, pay a bet at the correct odds and/or confirm the Bet before the deadline. Please see the below definitions to help you understand this section:

"Error" refers to a mistake or error such as:

- incorrect odds, prices or terms for participation being shown on the Website or any promotion, whether caused by a technical or systematic error, or human mistake. This may include where odds, prices, or terms are offered which are materially different from those generally available in the market or are clearly incorrect given the probability of the outcome occurring or which become apparent following win verification;
- markets or bets which remain open (whether as a result of human or technical error) during an event or after it has occurred, after the usual cut-off time for such bet, or at such a stage where the Player could have an indication as to the outcome of the relevant event;
- an incorrect amount of Winnings is paid to the Player or a Bet is incorrectly deemed a winning Bet.

“Malfunction” refers to where a technical or automated process (whether fully automated or which operates with human involvement) fails to operate as intended (whether this becomes apparent before or after Winnings are paid out) such as:

- an IWG incorrectly displays a win or higher winnings than the true underlying balance due to a software malfunction;
- a bet is incorrectly settled as a winning Bet due to a processing error;
- DLTA or its third-party provider reasonably suspects that the Player has exploited a coding flaw, loophole or vulnerability to achieve a win, jackpot, or increased winnings, or to place Bets with little or no risk;
- an IWG or the Website crashes or is interrupted mid-play.

- 5.6.3 DLTA was requested to place the Bet by a Player who has provided false, incomplete or expired information in connection with the Player Account or otherwise in connection with the Website or the Services (including but not limited to cases where this is done in order to avoid or to circumvent any form of self-exclusion measures);
- 5.6.4 DLTA was requested to place the Bet by a Player who (a) has been involved in any fraud-related activities, collusion, or any other activity which means player funds are not genuinely at risk (whether successful or not) in relation to any Bet, the operation of the Player Account, or otherwise in connection with the Website or the Services; and/or (b) is at the time of the request employed by any lottery operator;
- 5.6.5 DLTA is required by law or requested by the police or any regulatory authority to do so;
- 5.6.6 the outcome is already known when the Bet was placed or the outcome of the relevant event cannot reasonably be determined;
- 5.6.7 DLTA was requested to place the Bet by a Player who was, at the time of placing the Bet, less than 18 years old;
- 5.6.8 DLTA was requested to place the Bet by a Player who maintains or maintained more than one account with DLTA;
- 5.6.9 in respect to any Betting event, IWG, our services or any other software or hardware used by DLTA to provide the Website, fraud and/or technical and/or human error or unwarranted influence was found;

- 5.6.10 where there is a Malfunction or Error in any IWG, then any bet made during such Malfunction or Error shall be deemed invalid and the result null and void, regardless of whether any Winnings have been credited to Player Account or otherwise paid out. Winnings attributed to or obtained by any Player in respect of a malfunctioning IWG will remain the property of DLTA. For the purposes of the foregoing “malfunction” will include erroneous results, incorrect return-to-player (“RTP”), better than advertised result, win or pay-out, any fault, glitch or vulnerability in any IWG mechanic or software (including any background Random Number Generator), or hardware underlying the applicable IWG(s), or its systems, connections or delivery, whether apparent to the Player, DLTA (or both) at time of bet or spin, or latent and only subsequently discoverable (whether by DLTA or any applicable third party) as a part of any win confirmation process. Any stake relating to such Winnings, when ‘rolled into’ subsequent IWG rounds, spins or bets, shall also be deemed invalid and further results deemed null and void. The Player is obliged to return any Winnings obtained as a result of any such malfunction to DLTA immediately, whether or not on demand.
- 5.6.11 the event which pertains to the Bet is declared by an organiser or co-organiser as being invalid, incorrect or published in error, as the case may be, or if we have evidence that the integrity of the event or any IWG or result has been called into question. Evidence of the above may (without limitation) be based on the size, volume or pattern of Bets placed with us across any or all of our betting channels. Any decision given by the governing body of a sport in question will also be considered;
- 5.6.12 DLTA reasonably believes that a Player has partaken in any of the prohibited activities set out in clause 1.7;
- 5.6.13 DLTA reasonably believes that a Player has otherwise committed a breach of these Terms and Conditions; or
- 5.6.14 in circumstances where the Alternative Service applies (as set out in clause 11.15);
- 5.7 If any Bet is voided pursuant to clause 5.6.1, 5.6.2, or 5.6.10, DLTA will offer the Player the option of placing any such Bet on the next relevant event or crediting the Player Account with the relevant stake.
- 5.8 If any of the events set out in the following sections occurs: 5.6.3, 5.6.4, 5.6.5, 5.6.7, 5.6.8, 5.6.9, 5.6.12, and/or 5.6.13, DLTA will have the right to withhold any amounts that would otherwise have been paid or payable to the Player.
- 5.9 You agree to compensate DLTA for any costs, charges, or losses (“Losses”) which DLTA reasonably believes are sustained as a result or in the form of:
- 5.9.1 any of the events set out in the following sections occurring: 5.6.3, 5.6.4, 5.6.5, 5.6.7, 5.6.8, 5.6.9, 5.6.12, and/or 5.6.13;
- 5.9.2 the Player taking part in any of the Prohibited Activities set out in clause 1.7;
- 5.9.3 any chargeback made in relation to any deposit or Bet transaction;

5.9.4 Bet(s) or scratchcards the Player has received from a bonus, voucher, or promotion through a transaction which was subject to a chargeback;

5.9.5 a negative balance in the Player Account.

DLTA will have the right to offset the amount of such Losses against any positive balance in the Player's Account and/or amounts payable to the Player, and/or to void any Bets or unused scratchcards that relate to a chargeback or otherwise to the extent necessary to offset any Losses..

5.10

In respect of Sportsbetting, multiple Bets that combine different selections within the same event are not accepted where the outcome of one affects or is affected by the other.

6. Winnings

6.1.

Players may inform themselves with respect to Winnings on their Player Accounts on the Website. In addition, DLTA may inform the Player with respect to Winnings by email, SMS/text message or in other ways. Information about Winnings can be provided in any currency.

6.2.

DLTA transfers the Winnings to the Player Account of the Player after publication of the relevant Pay Outs, calculation of Winnings and reception from ELBL. The Players are entitled to either use their Winnings to pay for future Bets, Orders and/or Instant Win Games or request that DLTA pay Winnings into a bank account in accordance with clause 4.2. above. For safety reasons, DLTA may transfer amounts to a Player's Bank Account or other bank account nominated by a Player, given that it is in accordance with clause 4.2. above, only after a copy of the front and back side of a valid identification document, whose information fits the name or maiden name, date of birth and address the Player has provided in the process of registration, has been received and accepted.

6.3.

DLTA is authorised to in its sole discretion authorise ELBL to void the relevant Bets, Orders or Instant Win Games, if any of the following occur: (i) DLTA was instructed by a Player to place Bets only after the relevant deadline or after the start of the relevant Betting Event and/or if DLTA erroneously accepted an instruction to place Bets on the Website after the relevant deadline or after the start of the relevant Betting Event, (ii) DLTA becomes aware of a genuine error in relation to that Bet or Betting Event and is not able to contact the Player to correct the error or confirm the Bet before the deadline, (iii) DLTA was instructed to place a Bet or purchase an IWG participation by a Player who has provided false, incomplete or expired information in connection with their Player Account or otherwise in connection with the Website or the services available through it, (iv) DLTA was instructed to place a Bet or purchase an IWG participation by a Player who has been involved in any fraud-related activities in relation to the Bet or Instant Win Game, the operation of the Player Account or otherwise in connection with the Website or the services available through it, (v) DLTA was instructed to place a Bet or purchase an IWG participation by a Player who was, at the time of placing the Bet, less than 18 years old, (vi) the Player maintains or maintained more than one Player Account, (vii) in conjunction with any Betting Event or Random Number Generator user for Instant Win Games, fraud and/or technical and/or human error or unwarranted influence was found, (viii) the Betting Event is declared by an organiser or co-organiser as being invalid, incorrect or published in error, as the case may be, or (ix) DLTA deems in its absolute discretion that a Player has partaken in any form of bonus or voucher abuse, cheating, fraud or taken advantage of any software or system bug or failure.

6.4.

DLTA passes on only those Winnings, which were paid out by ELBL to DLTA for the Player. DLTA is only obliged to credit Winnings to a Player Account or comply with instructions from a player to pay Winnings into a bank account in accordance with clause 4.2. above if (i) DLTA received the Winnings from ELBL and (ii) the Player is entitled to a Winning.

6.5.

For Winnings in any Prize Category or Instant Win Game, ELBL may require additional documents such as certified copies of a proof of identity and address, regardless of whether such proof was provided to DLTA previously. All requested and required documents must be provided by the Player no later than 12 weeks after the date of the Betting Event or the Winnings shall be forfeit.

7. Other Rights

DLTA reserves the right, i. to set off against a Player's Winnings the amount of any unpaid Bets, Orders or Instant Win Games owed by that Player to DLTA or any affiliate; ii. to terminate, vary or suspend any Player Account, immediately and without prior notice, for any other reason at DLTA's sole discretion; and iii. to require that the relevant Player provide identification documents in order to enable DLTA to satisfy itself as to the validity of Player Account details and the Player's entitlement to the Winnings in accordance with these Terms and Conditions. DLTA may withhold payment of Winnings until any such matter has been solved entirely.

8. Website, Links and Banners

8.1.

DLTA reserves the right to make changes or corrections to, suspend or discontinue any aspect of the Website and the content or services or products available through it. Such changes shall not be applied retrospectively and in the event that such changes affect live Bets or Instant Win Games, DLTA shall be entitled to authorise ELBL to void relevant Bets, Orders and/or Instant Win Games and the Stakes (if returned by ELBL in such cases where they have been paid to ELBL) shall be repaid to the Player Account.

8.2.

DLTA is not responsible for any promotional links or advertising banners of third party advertisers.

8.3.

9. Privacy Policy

DLTA meets all statutory requirements with respect to the personal data of Players. The Privacy Policy shows more details in respect of the use and storage of the personal information.

SECOND SECTION – SPECIFIC TERMS AND CONDITIONS OF ELBL

10. Bets and Orders

10.1.

ELBL will accept Bets placed with it by DLTA on behalf of the Player, if instructions to place those Bets have been actioned by the Player and those Bets have been placed with it by DLTA.

Any reference in this section of the Terms and Conditions to a Player shall mean a Player acting through DLTA as their intermediary.

ELBL is not a lottery operator. With ELBL, Players are placing Bets on the results of the draws of official and/or state-run lotteries and/or lottery-style draws using the RiNG technology.

10.2.

At least one Bet per Virtual Play Slip has to be filled in. Every Bet is classified either as a separate Bet ("Normal Bet") or as a combination of Bets ("System Bet"). In a System Bet, all possible combinations of the selected numbers are considered Normal Bets.

10.3.

Only the first player to choose the NumberShield option for a particular set of numbers will be entitled to the NumberShield. Only one player may enable

NumberShield for a particular combination.

10.4.

Depending on the selected ELBL game the Player may place a Bet for a certain duration ("Duration Bets") and also extend the duration automatically (Subscription). Stakes for Duration Bets will be debited by pre-payment at the beginning of the relevant duration for all relevant Betting Events for the selected duration.

10.5.

The Player may automatically extend Bets by selecting the "Subscription" option. Depending on the selected ELBL game the player may select a renewal period from 1 to 52 weeks. After this Subscription period has elapsed the Bets are renewed automatically for the selected period for withdrawal, if no notice of cancellation was received via the Player Account. The cancellation of a Subscription must be received by 23:59h of the day prior to the day the period for withdrawal ends. Stakes for each Order within a Subscription will be drawn from the Player Account balance. By placing a Subscription Order, the Player gives ELBL continuing authority, in the event that there are insufficient funds in the Player Account balance, to cover such shortfall by debiting by pre-payment from the active Bank Card registered on the Player Account at the beginning of the relevant period for all relevant events for the relevant Order. Where such shortfall is lower than any minimum deposit amount applicable to the Player's Bank Card, the Player gives ELBL continuing authority to debit from the Bank Card the minimum deposit amount, provided that the surplus balance will remain in the Players Account.

10.6.

By choosing the option "Jackpot-Cracker", "JackpotHunt" or or "Jackpot Chaser" the Player may automatically extend the Virtual Play Slip until the Jackpot in respect to the underlying lottery of the relevant ELBL game has been won. The period for withdrawal encloses only the next Betting Event date

10.7.

The deadline for betting on a Betting Event will be posted on the Website.

Valid Bets will be placed on the next relevant Betting Event that takes place, provided that they are placed before the respective deadline and provided that the Player has not selected something else on purpose. The deadline will be displayed on the Website. It is up to the Player to ensure that instructions are given to place the Bet before the relevant deadline. For the avoidance of doubt, instructions to place or the apparent placement of a Bet after the start of a specific Betting Event or a Betting Event that has actually occurred will not be valid, irrespective of any automatic confirmation, that may be generated via email or the Website, or irrespective of a wrong deadline displayed on the Website.

10.8.

The "When Jackpot is" feature will set Bets to enter/play a particular ELBL game only if the announced jackpot for the Betting Event has reached or exceeded the specified "When Jackpot is" amount for the relevant Betting Event.

10.9.

If a lottery draw does not take place or no draw result is published or officially announced, all valid Bets on that Betting Event will stand for the rescheduled draw (or, if there is none, the next available relevant draw) other than in respect of valid Bets placed on (i) Austrian Lotto, Austrian Joker, Spiel77, El Gordo Primitiva, Summer Lottery, El Niño, French Lotto, Irish Lotto, Irish Lotto +1, Irish Lotto +2, Irish Lotto Pick n Win, Polish Lotto, Polish Lotto+, Swiss Joker, Mark Six (also referred to as “Loto Plus” and “Kinai Lotto”), Keno 24/7, KeNow, Cash4Life, German Keno, GlücksSpirale, MULTI (also referred to as “Multi-Ken”), Swedish Lotto Plus 1 (also referred to as “Skandináv lottó+”), Swedish Lotto Plus 2, Swedish Joker Plus, Drömvinsten Plus or Mexico Melate where all valid Bets will stand and the Underlying Lottery will be replaced with a lottery-style draw using the RiNG technology that will take place at the same time as the official and/or state-run lottery draw was scheduled to take place or (ii) SuperEnalotto, where all valid Bets will stand for the draw of SuperEnalotto GO (using the certified random number generator “RiNG”) that takes place either at the same time as the original draw or, if none, the next available SuperEnalotto GO draw.

10.10.

ELBL endeavours to ensure that all the jackpot values for Betting Events offered on the Website are correct, but assumes no responsibility for errors contained in such information. ELBL estimates the amount of future jackpots using certain assumptions, such as the current or future jackpot being won or rolled over, but is not liable for false assumptions, calculations or forecasts.

10.11.

Instead of using financial instruments to guarantee the payout of the jackpots and Winnings offered on the Website, ELBL may also purchase actual entries into underlying lotteries on behalf of the Player. ELBL may require winners for such entries to collect prizes directly from the Underlying Lottery Operator. In the event that Winnings for such entries incur any taxes, duties or levies, these are to be borne by the Player. Under no circumstances ELBL shall have any obligation to pay the Player an amount an Underlying Lottery Operator may fail to pay the Player in connection with any Winnings for such entries.

10.12.

Maximum payouts

The total of all Winnings payable by ELBL per Prize Category for a certain Betting Event must never exceed the numbers as set out below. If it the numbers are exceeded, Winnings are divided among the winners.

10.13.

SpecialJackpots

For all games, ELBL has the possibility to announce a SpecialJackpot under its sole discretion. In this case, the SpecialJackpot sum announced replaces any *Underlying Lottery Jackpot in that Type A Prize Category*.

10.14.

Only one Prize Category can be won per Normal Bet, which will be the highest of the available Prize Categories achieved by, and relevant to, that Bet. A System Bet can win in more than one Prize Category, based on the separate Bets it is made of.

10.15.

Syndicates

Winnings for ELBL Syndicate Winning Bets are calculated in three steps:

Step 1 – Calculation of Total Syndicate Winnings:

Total Syndicate Winnings = The sum of all Winnings for all ELBL Winning Bets forming part of the Syndicate. The Winnings are calculated as per clause 11 of these Terms and Conditions

Step 2 – Calculation of Syndicate Fraction:

Syndicate Fraction = Number of Shares bought by the Player / Total of Shares advertised for the relevant Syndicate

Step 3 – Calculation of Winnings for this ELBL Syndicate Winning Bet:

*Winnings for this ELBL Syndicate Winning Bet = Total Syndicate Winnings * Syndicate Fraction*

Example 1: There is an ELBL Syndicate Winning Bet with Total Syndicate Winnings of 90,000,000.00 EUR. The Syndicate Fraction is 1 of 9. The Winnings for this ELBL Syndicate Winning Bet are 10,000,000.00 EUR.

Example 2: There is an ELBL Syndicate Winning Bet with Total Syndicate Winnings of 30,000,000.00 EUR. The Syndicate Fraction is 3 of 25. The Winnings for this ELBL Syndicate Winning Bet are 3,600,000.00 EUR.

10.16.

Winnings are calculated and credited in EUR. The exchange rate used is the European Central Bank Euro foreign exchange reference rate published for the relevant date on the ECB website or (if European Central Bank Euro foreign exchange rate is not available) the spot rate of exchange (the closing midpoint) for that currency into EUR on the respective draw date as published on oanda.com. This also applies for annuity payments. However, ELBL may, in its sole discretion, chose to calculate and credit Winnings in the currency in which the Bet was placed.

10.17.

ELBL will accept Orders placed with it by DLTA on behalf of the Player, if instructions to place those Orders have been actioned by the Player and those Orders have been placed with it by DLTA.

A portion of the Stake for the Bet shall be utilized for consideration to participate in the Environmental Services.

ELBL may provide the following Environmental Services: the analysis of environmental challenges and sourcing of solutions which can improve the state of the environment (for example, solutions to reduce CO2 pollution or cleaning the oceans); finding service providers or other organisations who can implement such solutions and selecting the most effective partners, procure the services to implement24ort he2424ess to improve the state of the environment and control of the effectiveness of the procured24ort he2424ess (and other such services as provided on www.lottohelden.de/umwelthilfe/ from time to time).

10.18.

ELBL will use reasonable endeavours to ensure that all displayed information and results on the Website are correct.

10.19.

ELBL will not be liable for any mistakes in respect to the information displayed.

11.2.

Winnings in a Type A Prize Category

The Winnings payable in respect of each ELBL Winning Bet in a Type A Prize Category (as defined in the table in 11.1., for example Prize Category 1 in EuroMillions) will depend on the number of the Underlying Lottery Winning Tickets in that Prize Category, the number of ELBL Winning Bets in that Prize Category, the payable Prize by the Underlying Lottery Operator for the Underlying Lottery Winning Tickets in that Prize Category as well as the Underlying Lottery Jackpot in that Prize Category.

ELBL calculates the Winnings in a Type A Prize Category on the basis of the amount of aggregate stakes published by the Underlying Lottery Operator as well as the distribution to that Jackpot Prize Category or on the basis of the jackpot published on the Website of the Underlying Lottery Operator for that Prize Category of the relevant draw of the Underlying Lottery.

Only one ELBL Winning Bet in a Type A Prize Category

If there is only one ELBL Winning Bet in a Type A Prize Category, the Winnings payable in respect of this ELBL Winning Bet are calculated as:

Winnings = Underlying Lottery Jackpot in that Type A Prize Category / (Underlying Lottery Winning Tickets in that Type A Prize Category + 1)

If the ELBL Winning Bet in the Type A Prize Category is with DoubleJackpot, the Winnings are doubled.

Example 1: There is only one ELBL Winning Bet in the Type A Prize Category and no Underlying Lottery Winning Ticket has been announced by the Underlying Lottery Operator in the Type A Prize Category in respect of an Underlying Lottery Jackpot in the Type A Prize Category of 90,000,000.00 EUR. The Winnings payable in respect of that single ELBL Winning Bet amount to 90,000,000.00 EUR.

Example 2: There is only one ELBL Winning Bet in the Type A Prize Category and two Underlying Lottery Winning Tickets have been announced by the Underlying Lottery Operator in the Type A Prize Category in respect of an Underlying Lottery Jackpot in the Type A Prize Category of 90,000,000.00 EUR. The Winnings payable in respect of that single ELBL Winning Bet amount to 30,000,000.00 EUR.

More than one ELBL Winning Bet in the Type A Prize Category

If there is more than one ELBL Winning Bet in the Type A Prize Category, the Winnings payable in respect of the ELBL Winning Bets in the Type A Prize Category without NumberShield are calculated based on a three-step calculation.

Step 1 – Calculation of the number of shares:

Number of shares = Number of Underlying Lottery Winning Tickets in that Prize Category + Number of ELBL Winning Bets in that Prize Category

Step 2 – Calculation of Size of each share:

Size of 1 share = Underlying Lottery Jackpot in that Prize Category / Number of shares

Step 3 – Allocation of Winnings:

1 share per ELBL Winning Bet without DoubleJackpot and without NumberShield in the Type A Prize Category

2 shares per ELBL Winning Bet with DoubleJackpot in the Type A Prize Category

Example 3: There are two ELBL Winning Bets in the Type A Prize Category and one Underlying Lottery Winning Ticket has been announced by the Underlying Lottery Operator in the Type A Prize Category in respect of a Underlying Lottery Jackpot in the Type A Prize Category of 90,000,000.00 EUR. There are three payout shares, with a size of 30,000,000.00 EUR each. The Winnings payable in respect of each ELBL Winning Bet in the Type A Prize Category amounts to 30,000,000.00 EUR.

ELBL Winning Bets in the Type A Prize Category with NumberShield

Winnings for ELBL Winning Bets in the Type A Prize Category with NumberShield are calculated under the assumption that there had been no other ELBL Winning Bets and no Underlying Lottery Winning Tickets in that Prize Category for the particular draw. Winnings for ELBL Winning Bets with NumberShield are therefore not shared.

Mini Bet

If the ELBL Winning Bet in the Type A Prize Category is with Mini Bet (also referred to as Mini Ticket), the Winnings will be divided down to the percentage amount which was indicated on the Website. The total Winnings to be paid out to the Player will be such a percentage of the amount which would otherwise be payable if Mini Bet or Mini Ticket had not been applied.

For example, where a Player utilizes Mini Bet, the percentage indicated was 10%, and the Underlying Lottery Jackpot is 90,000,000 EUR, the Winnings payable to the Player will be 9,000,000 EUR. By further example, if there was also one Underlying Lottery Winning Ticket or one other ELBL Winning Bet, then the Winnings would be 4,500,000 EUR.

11.3.

Winnings in a Type B Prize Category

The Winnings payable in respect of each ELBL Winning Bet in a Type B Prize Category (as defined in the table in 11.1., for example Prize Category 2 in EuroMillions) will depend on the number of the Underlying Lottery Winning Tickets in that Prize Category, the number of ELBL Winning Bets in that Prize Category, the payable Prize by the Underlying Lottery Operator for the Underlying Lottery Winning Tickets in that Prize Category as well as the Underlying Lottery Jackpot in that Prize Category.

ELBL calculates the Winnings in a Type B Prize Category on the basis of the amount of aggregate stakes published by the Underlying Lottery Operator as well as the distribution to that Jackpot Prize Category or on the basis of the jackpot published on the Website of the Underlying Lottery Operator for that Prize

Category of the relevant draw of the Underlying Lottery.

If the ELBL Winning Bet in the Type B Prize Category is with PowerPlay, the Winnings are doubled.

If an ELBL Winning Bet in the Type B Prize Category is on MegaMillions, the Winnings will be subject to the applicable MegaMillions Multiplier.

If the ELBL Winning Bet in the Type B Prize Category is with Mini Bet (also referred to as Mini Ticket), the calculation method set out at “Mini Bet” in clause 11.2 shall apply.

Only one ELBL Winning Bet in a Type B Prize Category

If there is only one ELBL Winning Bet in a Type B Prize Category, the Winnings payable in respect of this ELBL Winning Bet are calculated as:

Winnings = Underlying Lottery Jackpot in that Type B Prize Category / (Underlying Lottery Winning Tickets in that Type B Prize Category + 1)

Example 1: There is only one ELBL Winning Bet in a Type B Prize Category and no Underlying Lottery Winning Ticket has been announced by the Underlying Lottery Operator in that Type B Prize Category in respect of an Underlying Lottery Jackpot in a Type B Prize Category of 9,000,000.00 EUR. The Winnings payable in respect of that single ELBL Winning Bet amount to 9,000,000.00 EUR. If the ELBL Winning Bet utilized PowerPlay, then the Winnings would be doubled to 18,000,000.00 EUR. If the ELBL Winning Bet is on MegaMillions, and ELBL's RNG determines a MegaMillions Multiplier of x3, then the Winnings would be tripled to 27,000,000.00 EUR.

Example 2: There is only one ELBL Winning Bet in a Type B Prize Category and two Underlying Lottery Winning Tickets have been announced by the Underlying Lottery Operator in that Type B Prize Category in respect of a Underlying Lottery Jackpot in a Type B Prize Category of 9,000,000.00 EUR. The Winnings payable in respect of that single ELBL Winning Bet amount to 3,000,000.00 EUR. If the ELBL Winning Bet utilized PowerPlay, then the Winnings would be doubled to 6,000,000.00 EUR. If the ELBL Winning Bet is on MegaMillions, and ELBL's RNG determines a MegaMillions Multiplier of x4, then the Winnings would be multiplied to 12,000,000.00 EUR.

More than one ELBL Winning Bet in a Type B Prize Category

If there is more than one ELBL Winning Bet in a Type B Prize Category, the Winnings payable in respect of these ELBL Winning Bets are calculated based on a three-step calculation:

Step 1 – Calculation of the number of shares:

Number of shares = Number of Underlying Lottery Winning Tickets in that Prize Category + Number of ELBL Winning Bets in that Prize Category

Step 2 – Calculation of Size of each share:

Size of 1 share = Underlying Lottery Jackpot / Number of shares

Step 3 – Allocation of Winnings:

1 share per ELBL Winning Bet in that Prize Category

Example 3: There are two ELBL Winning Bets in a Type B Prize Category and one Underlying Lottery Winning Ticket has been announced by the Underlying Lottery Operator in that Type B Prize Category in respect of an Underlying Lottery Jackpot in a Type B Prize Category of 3,000,000.00 EUR. There are three payout shares, with a size of 1,000,000 EUR each. The Winnings payable in respect of each ELBL Winning Bet in that Prize Category amount to 1,000,000.00 EUR.

cExample 4: There are two ELBL Winning Bets in a Type B Prize Category and one Underlying Lottery Winning Ticket has been announced by the Underlying Lottery Operator in that Type B Prize Category in respect of an Underlying Lottery Jackpot in a Type B Prize Category of 3,000,000.00 EUR. There are three payout shares, with a size of 1,000,000.00 EUR each. The Winnings payable in respect of each ELBL Winning Bet in that Prize Category amount to 1,000,000.00 EUR. If an ELBL Winning Bet utilized PowerPlay, that Player will have their Winnings doubled to 2,000,000.00 EUR. If the ELBL Winning Bet is on MegaMillions, and ELBL's RNG determines a MegaMillions Multiplier of x5, the ELBL Winning Bet will have their Winnings multiplied to 5,000,000.00 EUR.

11.4.

Winnings in a Type C Prize Category

The Winnings to be paid out in respect of each ELBL Winning Bet in a Type C Prize Category (as defined in the table in 11.1., for example Prize Category 4 in EuroMillions) shall be the amount of the Prize announced by the Underlying Lottery Operator in respect of an Underlying Lottery Winning Ticket in the respective Prize Category. If the Underlying Lottery Operator has not announced a Prize in the respective Prize Category for the relevant draw of the Underlying Lottery, the Winnings payable in respect of each ELBL Winning Bet in that Prize Category will be calculated on the basis of the aggregate amounts paid in for the relevant draw of the Underlying Lottery announced by the Underlying Lottery Operator and its allocation to the winning Prize Categories.

If an ELBL Winning Bet in the Type C Prize Category is with PowerPlay, the Winnings are subject to a multiplier, such multiplier being the number of the first ball drawn in the draw for the Underlying Lottery out of either 2, 3, 4 or 5. A multiplier of 10 will only apply where the relevant Powerball Jackpot amount is less than \$150,000,000 (one hundred and fifty million dollars) and the first ball drawn in the relevant draw is 10

If an ELBL Winning Bet in the Type C Prize Category is on MegaMillions, the Winnings will be subject to the applicable MegaMillions Multiplier.

If the ELBL Winning Bet in the Type C Prize Category is with Mini Bet (also referred

to as Mini Ticket), the calculation method set out at “Mini Bet” in clause 11.2 shall apply.

11.5.

Payout of Prizes from Prize Categories to other Prize Categories

The above regulations apply based on the assumption that there was no payout of Prizes from one Prize Category to another Prize Category, regardless of whether the rules of the Underlying Lottery indicate otherwise. Therefore, in the event Prizes of a higher Prize Category are added to a lower Prize Category, due to either (i) no Underlying Lottery Winning Tickets in a Prize Category for one draw, (ii) no Underlying Lottery Winning Tickets in the higher Prize Category for a number of subsequent draws or (iii) to a jackpot cap in respect of the higher Prize Category, this will not be taken into account by Lottoland. Lottoland will only payout the Prize originally allocated to that lower Prize Category based on the stakes published by the Underlying Lottery and the prize allocation table of that lottery.

11.6.

Payout of Prizes in GlücksSpirale

The monthly payment shall not be paid for longer than 240 months, beginning the month after the relevant draw date. The entitlement to the monthly payment is not inheritable.

11.7.

Payout of Prizes in MegaMillions and PowerBall

As is common with MUSL Mega Millions and Powerball, ELBL may also pay out the Winnings in Prize Category 1 over 30 years (the “Annuity Option”). If ELBL chooses the Annuity Option, the first payment will be made as soon as possible after the draw, with the next 29 payments at one-year intervals. The level of payments is calculated such that the payments rise by the percentage set by MUSL from year to year until the full sum has been paid out. If ELBL chooses the option to pay out Winnings in one lump sum (“Cash Option”), the Winnings after withholdings are discounted, as it is done in MUSL Mega Millions and Powerball. As an example, if the relevant discount rate is 40%, our Type A Winning is 60% of the Type A jackpot amount after the relevant deductions have been made. It is in ELBL’s discretion to choose the payout plan.

11.8.

Withholdings for Prizes in MegaMillions and PowerBall

ELBL retains 38% withholdings of prizes in the highest three prize categories in MegaMillions and PowerBall because it is intended to put the Player in similar economic position as if they had played the underlying lottery.

11.9.

Withholdings for Prizes in SuperEnalotto and SuperEnalotto GO

ELBL retains 20% withholdings of prizes in the highest three prize categories in SuperEnalotto and SuperEnalotto GO because it is intended to put the Player in similar economic position as if they had played Super Enalotto.

11.10.

Payout of Prizes in Spiel77

With respect to Spiel77, all Winnings in a Type A Prize Category are rounded such that they take the form of x,x77,777.00 EUR.

11.11.

Payout of Prizes in Sat Lotto

Additional Terms for Alternative Service (Applicable to Millionaire Plus (for UK Players: "Millionaire"), EuroMillions (for Irish Players: Millionaire), MegaMillions, Powerball, and SuperEnalotto)

From time to time, ELBL may reasonably decide that, where a Player places a Bet with ELBL, instead of placing a Bet on the outcome of the relevant Underlying Lottery (as detailed in the table at clause 11.1), Players will be requesting that ELBL purchases a ticket ("**Ticket**") via ELBL's ticket agent ("**Alternative Service**") bearing the same number as those selected by the Players on the following alternative draws ("**Alternative Draws**")

ELBL Game	Alternative Draw
Millionaire Plus (for UK Players: "Millionaire")	The lottery draw whose results are derived from Österreichische Lotterien GmbH (draws taking place in Paris every Tuesday and Friday evening)
EuroMillions (for Irish Players: Millionaire)	The Euromillions draw whose results are derived from Österreichische Lotterien GmbH (draws taking place in Paris every Tuesday and Friday evening)
MegaMillions	The MegaMillions draw as operated by the Multi-State Lottery Association (MUSL)
Powerball	The Powerball draw as operated by the Multi-State Lottery Association (MUSL)
SuperEnalotto (also referred to as "SuperLotto")	The lottery draw whose results are derived from Sisal

Note that ELBL or its ticket agent will be the participant in the lottery draw whose results are derived from the Alternative Draw. The Player does not participate in the lottery draw and obtains no right to possession of the Ticket. The Player therefore contracts with ELBL only and not with the lottery operator nor any third party ticket agents of ELBL. The Player has only a contractual entitlement to receive the payment of winnings received by ELBL in respect of any winning Ticket, subject to any deductions or exclusions outlined below.

If a Player has placed a Bet (including under a Duration Bet or Subscription) on the outcome of the relevant Underlying Lottery (as detailed in the table at clause 11.1) prior to Alternative Service being applied to the Bet, that Bet will automatically become void. The Player's Stake paid in respect of the applicable Bet will instead automatically be applied to participate in the Alternative Service. For future Bets occurring under a Duration Bet or Subscription, ELBL may reasonably decide that Alternative Service shall not apply and the placing of Bets shall resume as normal.

In respect of Millionaire Plus (UK Players: Millionaire) only, it is important to note that the winning numbers in respect of a Bet placed on the outcome of Loto Express will

be different to those of the lottery draw whose results are derived from Österreichische Lotterien GmbH (draws taking place in Paris every Tuesday and Friday evening).

When participating in the Alternative Service, in purchasing Tickets, ELBL is not responsible for the issuance of tickets or promoting the draw, which is the responsibility of the lottery promoter in the relevant jurisdiction. ELBL, through its network of ticket agents, will make reasonable endeavours to procure that the ticket agent fulfils the Ticket orders placed by ELBL, however ELBL will not be liable to the Player in the event that the ticket agent fails to fulfil (or fulfil correctly) any the Ticket order.

When participating in the Alternative Service, ELBL cannot guarantee the collection of winnings in instances where, despite ELBL's reasonable efforts, a lottery operator has declined to pay ELBL or its ticket agents, or ELBL has otherwise been unable to recover such winnings. ELBL will make every reasonable effort to collect winnings and expedite payment to the Player of such winnings.

Please note that any payment of winnings from such tickets will be in line with the actual payout of from the underlying lottery ticket, which is intended to put the Player in a similar economic position to the position the Player would be in if the Player had played the lottery draw whose results are derived from the Alternative Draw.

11.16

Annuity Payments

For winners who are paid out under an annuity option, ELBL may from time to time request up-to-date "Know Your Customer" and bank account information to ensure that ELBL pays the verified winner to their most up-to-date account preference.

Where a Player fails to respond to such request from ELBL (including any reasonable follow-up attempts) within a reasonable timeframe and/or closes their Player Account such that ELBL has no reasonable means of making the request, the Player's right to receive annuity payments shall cease. In this respect (in addition to clause 1.3) the Player acknowledges and agrees to be responsible for keeping their contact and financial details up to date at all times.

Winnings obtained by a Player in respect of a malfunctioning Instant Win Game shall remain the property of ELBL. Any Stake from said Winnings played in any subsequent Instant Win Game round or rounds and the resulting shall also be deemed invalid and any result, null and void. In particular, all tier 1 payouts in respect of Bets on the outcome of Betting Events are subject to enhanced player verification, third party audits on win validation and payout by the underlying insurers.

1.2.

The Player needs to personally register on the Website in order to use all services or place Bets. DLTA reserves the right to refuse the completion of the registration for any person. Players must keep their Player Account details up-to-date at all times.

DLTA is not responsible for failure of payout due to non-provision of data by the Player, or the provision of missing, incorrect, incomplete or expired data. DLTA is under no obligation to verify any data provided or to make contact with a Player to complete or change incorrect, incomplete or invalid data.

1.4.

The Player shall immediately inform DLTA if their Bank Card or a comparable payment method, which they have specified on the Website, becomes lost, suspended or stolen; the same applies, if relevant passwords or confidential information has been submitted to third parties.

1.5.

DLTA is entitled to request proof that a Player has authority to use any paying instrument which is linked to their account.

1.6.

The Player shall inform DLTA about any changes with regards to information provided including, but not limited to Bank Cards and Bank Accounts, by updating their Player Account. DLTA cannot be held liable for any damages caused due to payment data being compromised.

1.7.

Players must not be involved in any fraudulent, collusive, fixing or other unlawful activity in relation to the Player's or third parties' participation in any Bet and shall not use any software-assisted methods or techniques or hardware devices for the Player's participation in any Bet.

2. Player Account

2.1.

The Player provides an email address and a password in the course of registration. The Player may self-manage their data at any time through the relevant Player Account.

2.2.

Players are not permitted to have more than one Player Account at any one time. If an additional account or accounts are opened by a Player and/or Payment details are used in multiple Player Accounts, DLTA will be entitled in its sole discretion to close any such accounts without notice. DLTA shall be entitled to inform ELBL who shall be entitled pursuant to the ELBL terms and conditions to void any Bets made by that Player.

2.3.

DLTA shall be entitled in its sole discretion to define different minimum and maximum amounts for deposits and Stakes during a particular time period for a particular Player.

2.4.

The Player may also set specific deposit limits on their Player Account by using the respective facility in My Account on the Website.

2.5

The methods of deposit and/or withdrawal are detailed in the Player Account and vary depending on the country. Below are the key methods available for deposit and/or withdrawal as well as the average processing time for each:

Payment Method for deposits	Average processing time
Debit / Credit Card	Instant (online)

DLTA reserves the right to process deposits and pay out Winnings and withdrawals via any of its Group Companies and/or third party payment processors it engages from time to time.

2.6.

The Player must keep their Player Account data (including but not limited to Player pass number, username and password) in a safe place in order to prevent unauthorised access. The Player is responsible for all activities and transactions conducted through their Player Account.

2.7.

The Player is neither authorised to sell, transfer or grant third parties' access to their Player Account nor to use and/or acquire third parties' Player Accounts.

2.8.

The Player can lock their Player Account at any time („Temporary Suspension“ or „Self-Exclusion“). The order for Temporary Suspension or Self-Exclusion may be placed by using the respective facility in My Account on the Website. The Player may determine the duration of their Temporary Suspension or Self-Exclusion.

2.9.

DLTA does not accept any responsibility or liability if the Player nevertheless continues gambling and/or seeks to use the Website with the intention of deliberately avoiding the relevant measures in place and/or DLTA is unable to enforce its measures/policies for reasons outside of DLTA's reasonable control.

2.10.

The reopening of Player Accounts that have been self-excluded is only possible after the expiry of the Self-Exclusion period. For reopening their Player Account, Players must contact DLTA's Customer Service.

2.11.

The Player may close their Player Account permanently on the Website by using the facility My Account or by contacting the DLTA's Customer Service. The pre-condition for closing the Player Account is that there are no open or running Bets linked to the relevant Player Account. If the Player closes their Player Account and then opens a new Player Account, DLTA shall have the right to close such new Player Account at its discretion and without any further explanation to the Player.

2.12.

The Player can see a list of all their active and expired Bets under the My Games section. A Bet is only considered accepted by DLTA if the status of the play slip has the label „In Play“ or a status with an identical meaning, only in such an event is the Player entitled to any Winnings pursuant to that Bet. The order receipt confirmation sent by email or the status „Submitted“ or a status with an identical

meaning only indicate that DLTA has received the order for a Bet, not that it has been accepted. Only with a status like „In Play“ in the overview the Bet is considered accepted. In case that a Bet is not accepted, DLTA will refund the value of this Bet to the Player.

3. Placing of Bets

3.1.

The Player instructs DLTA to place Bets with ELBL on their behalf by filling out and submitting a Virtual Play Slip on the Website.

3.2.

After the Player has filled out the Virtual Play Slip, it is transferred to the Player's shopping basket.

3.3.

The Player submits their Bet by clicking on the relevant button in the shopping cart. Where the account balance is not sufficient the Player needs to provide their payment details and DLTA needs to get satisfactory confirmation of the payment before the Bet is submitted.

3.4.

Once the Bet is submitted, it cannot be amended or cancelled by the Player.

3.5.

DLTA acknowledges receipt of the Player's order by email. The Player may check the processing status of the relevant Bet at any time on the Website in their Player Account.

4. Payment and Accounts

4.1.

Betting or playing with no account balance or with a negative account balance is not possible.

4.2.

The Player is obliged to receive Winnings equivalent to 100.000,00 EUR or more in a handover ceremony open to media of DLTA's choice and to give one or more interviews. The Player may still choose to stay anonymous. DLTA may at its discretion waive these obligations and/or choose an alternative payment method if needed for operational or other reasons. For transfers, DLTA may charge the Player with the fees for the bank transfer.

4.3.

With a direct debit order and authorisation respectively, the Player entitles DLTA or its appointees the authorisation to debit the relevant amount from the Bank Account provided by the Player.

4.4.

In case of a returned direct debit DLTA may reject the acceptance of further payments. DLTA is entitled to transfer claims against a Player, including possible

additional but appropriate fees to a collection agency.

4.5.

Any third party bank and payment processing charges and fees are borne by the Player and DLTA is entitled to debit the Player Account accordingly. This also applies to foreign exchange charges.

4.6.

DLTA will credit payments from Players to DLTA's bank account immediately upon receipt of funds. The Player has to state their player number with all bank transfers.

4.7.

In case a payment to DLTA from a Player Account of a Player is ceased, interrupted, returned or for any other reasons not finalised or in case that such payment is cancelled afterwards or theft or fraud is obvious in this regard, DLTA shall be entitled to debit the relevant amounts including possibly existing additional fees imposed to DLTA.

4.8.

The Player shall not treat DLTA and/or ELBL as a financial institution and the credit balance of a Player's Account will not bear interest.

4.9.

The Player can directly withdraw funds that constituted Winnings under the My Transactions section. In order to mitigate money laundering and fraud, funds from unspent deposits can only be withdrawn by contacting Customer Support. Under no circumstances will a Player be able to withdraw any bonus or voucher funds in their Player Account.

4.10.

DLTA may carry out additional verification procedures at any time.

4.11.

A Player can only withdraw funds to a bank account in the name of the Player Account holder.

4.12.

The credited amount deposited by the Player and the payable credit balance on the Player Account respectively are held in a bank account in the name of DLTA and are not subject to any particular escrow or mechanisms for protection in the event of insolvency.

4.13.

DLTA is entitled to debit the Player Account with appropriate expenses which refer to the costs incurred by DLTA because of the execution of assignments from a Player or the execution of an order.

4.14.

Winnings are tax-free or non-taxable in many countries. The Player is primarily responsible for correct payment of taxes, duties and levies. In the event that DLTA is required to pay any taxes, duties or levies directly to the regulatory authorities of a

country in respect of a Player's winnings, then it shall be entitled to deduct those from the Player's Account or claim them from the Player accordingly.

4.15.

DLTA shall be entitled to deem a Player Account as inactive if more than one year has passed since the last stake transaction of the Player. DLTA will notify the Player once their account is deemed as inactive.

If the Player Account is still deemed as inactive 30 days after the notification, a monthly inactive account fee of EUR 5.00 (or equivalent currency) shall be payable (the **"Inactive Account Fee"**). The Inactive Account Fee will be deducted from the Player Account balance until the earlier of: (a) the Player Account balance being reduced to zero; or (b) the Player Account being reactivated by the Player using the Player Account to carry out betting activity. In each situation the Inactive Account Fee shall cease to be deducted. DLTA may refund any Inactive Account Fees to a Player if there is a bona fide reason for the Player's inactivity. Players should contact customer services for further information.

5. Rights of DLTA

5.1.

DLTA shall be entitled to suspend the relevant Player Accounts and Players from the use of the Website with immediate effect, if DLTA believes that a Player does not meet the requirements named in these Terms and Conditions. In addition, DLTA shall be entitled to suspend the relevant Player Accounts and Players from the use of the Website, if DLTA believes that: i. the Player has provided false or misleading information in connection with their Player Account, any payment methods or otherwise in connection with the Website and the services available through it; ii. the Player maintains more than one Player Account; iii. the Player is involved in any fraud-related activities; iv. the Player is in breach of any other substantial provision of these Terms and Conditions; v. the Player has used the Website in a fraudulent manner or for illegal and/or unlawful or improper purposes including but not limited to if DLTA has reasonable suspicion that a Player is abusing or attempting to abuse a bonus, voucher, offer or other promotion form or taken advantage of any software or system bug or failure; vi. any of the events referred to in this clause may have occurred or are likely to occur; vii. required by law or if requested to do so by the police, by any regulatory authority or by court, in addition, DLTA shall be entitled to suspend the relevant Player Accounts and Players from the use of the Website, if DLTA believes that (i) any details of the Bank Account or Bank Card were, or have become, incorrect or the card is reported as lost or stolen or becomes the subject of fraud, (ii) DLTA receives a negative appraisal of creditworthiness for a Player or any direct debit collection due from a Player is returned for reasons attributable to the Player, (iii) the Player has used a payment instrument without the owners approval; or (iv) the Player has allowed a third party to place Bets using their Player Account.

DLTA shall monitor transactions in order to prevent money laundering. DLTA shall report any suspicious transactions to the Malta Gaming Authority.

5.2.

During the period of any suspension of a Player Account the Player will be prevented from accessing or using their Player Account; in addition, DLTA may investigate the event that gave rise to the suspension and DLTA will be entitled (but shall not be obliged) to require that the relevant Player provides all such identification documents as DLTA reasonably requires.

5.3.

Should DLTA determine that the event giving rise to suspension has occurred, DLTA will be entitled to terminate the Player Account in question permanently and may choose to do so once any outstanding Stakes associated with that Player Account for future Bets expire or otherwise may at its discretion authorise ELBL to void such Bets. If the Stake was placed by a Player under 18 years of age, DLTA shall authorise ELBL to void the relevant Bets in which case the Stake (if returned by ELBL to DLTA) will be returned from DLTA to that person's Bank Account and the Player Account will be closed.

5.4.

Should DLTA determine that such a breach has not occurred, the suspension of the Player Account will be brought to an end.

5.5.

If DLTA terminates a Player's use of the Website for any other reason, DLTA will notify the relevant Player by email using the email address provided to DLTA. In such circumstances, DLTA shall refund the payable balance held on the Player Account to the Player, after both stakes and any fees incurred have been deducted, and Winnings for all the future and open Bets that the Player has already purchased have been settled, using the Bank Account provided by the Player.

5.6.

DLTA may withhold, delay or cancel any Winnings or Player's funds from a Player if, DLTA deems in its absolute discretion that (i) there may be chargebacks in respect of the relevant Player Account or between that Player and any affiliate of DLTA, (ii) the Winnings stem directly from a chargeback or (iii) the Player has partaken in any form of bonus or voucher abuse, cheating, fraud or taken advantage of any software or system bug or failure.

5.8.

Bets will only be accepted up to the advertised start time. Any Bet that is inadvertently accepted, which includes a Betting Event after its start time, will be cancelled. If any portion of a multiple Bet is inadvertently accepted then all parts of that multiple Bet will be cancelled.

5.9.

Multiple Bets that combine different selections within the same event are not accepted where the outcome of one affects or is affected by the other. If such a Bet is taken in error, the Bet will be cancelled.

The Players are entitled to either use their Winnings to pay for future Bets or request that DLTA pay Winnings into a bank account in accordance with the above provisions. For safety reasons, DLTA may transfer amounts to a Player's Bank Account or other bank account nominated by a Player, given that it is in accordance with the above provisions, only after a copy of the front and back side of a valid identification document, whose information fits the name or maiden name, date of birth and address the Player has provided in the process of registration, has been received and accepted.

6.3.

DLTA is authorised to in its sole discretion authorise ELBL to void the relevant Bets, if any of the following occur: (i) DLTA was instructed by a Player to place Bets only after the relevant deadline or after the start of the relevant Betting Event and/or if DLTA erroneously accepted an instruction to place Bets on the Website after the relevant deadline or after the start of the relevant Betting Event, (ii) DLTA becomes aware of a genuine error in relation to that Bet or Betting Event and is not able to contact the Player to correct the error or confirm the Bet before the deadline, (iii) DLTA was instructed to place a Bet by a Player who has provided false, incomplete or expired information in connection with their Player Account or otherwise in connection with the Website or the services available through it, (iv) DLTA was instructed to place a Bet by a Player who has been involved in any fraud-related activities in relation to the Bet, the operation of the Player Account or otherwise in connection with the Website or the services available through it, (v) DLTA was instructed to place a Bet by a Player who was, at the time of placing the

6.4.

DLTA passes on only those Winnings, which were paid out by ELBL to DLTA for the Player. DLTA is only obliged to credit Winnings to a Player Account or comply with instructions from a player to pay Winnings into a bank account in accordance with clause 4.2. above if (i) DLTA received the Winnings from ELBL and (ii) the Player is entitled to a Winning.

6.5.

For Winnings, ELBL may require additional documents such as certified copies of a proof of identity and address, regardless of whether such proof was provided to DLTA previously. 15.2.

DLTA will use reasonable endeavours to ensure that the results and Winnings provided by it are correct. Annex 1 – Betting Rules

1.1. The outcome of a Betting Event is settled once this is determined:

If a Betting Event is not determined earlier in the game, DLTA settles the result of the game once the normal duration (regular time) of the match is concluded, unless stated otherwise on market description on the Website.

Example 1: Match winner 1X2 market of an event is determined after the end of the normal duration (regular time) of the event. Football (Soccer) 1x2 Match Winner is determined after the 90 min, including any extra minutes called by the referee of the match as “normal duration”

In case a Betting Event is driven to Overtime (when regular time does not decide the winner) all markets clearly state that are subject to “include overtime” are paid after the completion of the Overtime. Any penalty kicks (or other decider) may follow is not taken in consideration, unless clearly stated in the market.

If Betting Events do not start on time for any reason or postponed, Bets may be kept open and all bets remain valid if those kick off (start) within the next 48 hours from the official start time. In any other case, the company reserves, at its own discretion, the right to void all bets of such postponed events and refund the stakes to the customers.

If Betting Events are abandoned after its starting time and get continued from the organizer within 48 hours from the official start time, DLTA and/or ELBL reserves the right to keep all Bets valid and settle according to this result.

If Betting Events are abandoned after its starting time and not get continued from the organizer within 48 hours, DLTA and/or ELBL will settle all determined markets decided in the pitch and void the rest by refunding stakes to Players. However in cases like that, DLTA and/or ELBL reserves, at its own discretion, the right to void all bets of such abandoned events and refund the stakes to the Players.

On above general rule, there are exceptions as in:

Tennis games will be kept open with all Bets valid until the officials or organizing body declares a winner. In such case, the 48 hours rule is not valid. However and in case of a player retirement, all markets determined in the pitch are settled accordingly and all the rest declared void and null. For avoidance of doubt if a tennis player retired before last point concluded, the match winner market is void, but all markets related to specific sets or games that determined, are settled accordingly.

Baseball games when two teams are playing 2 games in a row are considered as Game 1 and Game 2 and will be settled as chronologically played with all bets valid. For avoidance

of doubt if Team A play vs Team B twice, the result of Game 1 will count for Bets offered on Game 1 as originally scheduled and result of Game 2 will count for bets offered on Game 2, as originally scheduled. The 48 hours rule is valid.

(e.g. if a football match is abandoned in the second half, the markets of the first half will be settled normally).

(e.g. in the example above, the markets of the second half have not decided) will be void and stakes will be refunded to customers

1.2. DLTA and/or ELBL reserves the right not to accept all or part of a bet without providing a reason to the Player. If a Bet is not accepted, Player's stakes are refunded

1.3. Before a Betting Event starts, DLTA and/or ELBL reserves, at its own discretion, the right to void or cancel part or whole, of a Bet even after its acceptance without providing any reason to the Player.

1.4. DLTA and/or ELBL reserves the right to cancel all Bets of a Betting Event, if there is any change regarding the venue of the Betting Event.

1.5. DLTA and/or ELBL reserves the right to cancel all Bets if there are radical changes in the circumstances of a Betting Event such as the length of playing time, the distance in a race speed or the number of periods, etc.

2. Explanation of specific betting types

In case a Betting Event is abandoned but there has been at least one scorer, bets on the first goalscorer apply and bets on the last goalscorer are void. Anytime goalscorer market for this player is settled as winner and bets on other players are void.

Head 2 Head Bets

Predict which of the participants will occupy the highest position or will have better results or more points. In order for these Bets to stand both participants must actively participate in the event. In case the two participants achieve the exact same winning result and therefore achieve a tie, all Bets are void.

Outright Bets

Predict which of the participants (3 or more) will occupy the highest position or will have better results or more points. In order for these Bets to stand all participants must actively participate in the event.

If one or more participants will not participate in the event, the odds on the rest participants are recalculated and settled with a reduction in the odds, by applying the probability of the missing participants to the rest participants applying the same margin.

If two or more participants achieve exact same winning result and therefore achieve a tie, the applicable odds will be equal to the accepted odds divided by the number of tie participants (e.g. with initial odds 2.70 and three tie participants the final odds will be: $2.70 / 3 = 0.90$), unless the official governing body chooses only one winner with an additional statistic criterion (e.g. assists).

Booking markets

A yellow card counts as one card. A red card counts as two cards. If a player get one yellow plus a second yellow driving to a red card, this counts overall as three cards. As a result, a player cannot receive more than three cards. Settlement will be based on all available card data that appear during the normal playing time of an

event .Cards shown after the final whistle will not be taken under consideration. Cards in non-playing players (players that have already been replaced, coaches, players on the bench who have not taken part in the game) are not taken under consideration.

Booking markets with points

A yellow card counts as 10 points and the red and the second yellow-red as 25. The second yellow for a player that leads to a red card is not counted. As a result, a player cannot receive more than 35 points. Settlement will be based on all available card data that appear during the normal playing time of an event .Cards shown after the final whistle not be taken under consideration. Cards in non-playing players (players that have already been replaced, coaches, players on the bench who have not taken part on the game) are not taken under consideration.

Corners

A corner gets counted for the relevant market settlement only in the case it has been executed. Corners won by the teams but not executed do not count for market settlement.

Intervals

First interval is considered the time period from 00:01 until the completion of the minute indicated as the end minute. For avoidance of doubt the interval 1-15 min is considered the period from 00:01 to 15:00

Last interval of a time period is considered from the minute indicated until the end of the period as this decided by the referee. For avoidance of doubt the interval 30-45 min is considered the period from 30:01 until the end of First Half. The interval 75-90 min is considered the period from 75:01 to the end of the Full Time.
